SEMINARS AND WORKSHOPS

Apprendre et enseigner avec TV5MONDE

Comment intéresser, faire progresser et motiver vos élèves dans l'apprentissage du français? Où trouver des documents récents et attrayants permettant de faire des cours à différents niveaux d'élèves?

Atelier animé par **Richard Bossuet**, *Responsable-adjoint à la Direction de la Francophonie et de la promotion du français à TV5MONDE (Paris)*.

Bergamo 14 gennaio - ore 15.30 (ITG "G. Quarenghi", Via Europa 27)

Introducing the E-Factor

Efficient English Lesson and Easy & Effective Learning

We will be looking at the application of the E-factor in class and how the use of Graphic Grammar not only facilitates student learning but also captures the essence of traditional grammar teaching methods and applying them in ways which stimulate multiple intelligence learning.

Seminar with **Russell Lewis** and **Graham Smith**, *ELT Consultants Pearson Longman*

Bergamo 11 febbraio - ore 16.30 (ITG "G. Quarenghi", Via Europa 27)

On the pulse of English as it changes:

a Global approach to teaching through and about the language

4th Macmillan National Teacher Training Conference focusing on classic and modern literature as well as information about the rise of English as a global language, the development of speaking skills through specific techniques and activities and the use of key electronic tools like the web and the interactive whiteboard. There will be material to take away!

Conference with **Lindsay Clandfield**, **Finn Kirkland**, **George Vassilakis**

Bergamo 25 febbraio - ore 15.00 (ITG "G. Quarenghi", Via Europa 27)

La Classe de FLE sans ou avec le Tableau Interactif

L'enseignant de FLE doit traiter la diversité existante parmi les élèves, élaborer des projets destinés à développer les contenus des programmes. Pour ce faire il peut utiliser de nouvelles méthodes, stratégies et matériels d'appui, comme le tableau interactif. Des pistes de travail seront proposées pour permettre aux enseignants de restaurer le désir d'apprendre pour les élèves qui ne l'auraient plus...

Atelier animé par **Annamaria Crimi**, *experte en didactique de la langue française*

Bergamo 4 marzo - ore 16.30 (ITG "G. Quarenghi", Via Europa 27)

Mind Maps: How to Unlock Creativity

Mind Mapping is one of the most effective ways of up-skilling the brain and unlocking the innate creativity that students possess. We will see how the brain works, how to think creatively and imaginatively, how to use memory to store and recall knowledge.

Workshop with **Jonathan Coxall**, *teacher trainer*

Bergamo 11 marzo - ore 16.30 (ITG "G. Quarenghi", Via Europa 27)
